DIMENSIONS

Our standard panel sizes are 1500x1000mm.
Standard thicknesses are 6, 10 and 19mm. Panel thickness is subject to a ± 1 mm variance across the panel due to the properties of recycled plastic.

PRICES

All prices are not VAT tax included and any other import duties or customs. Please note: we invoice in EUR and must receive the full invoiced amount in cleared funds, after any exchange rate losses or bank fees which are for the customer's account.

SHIPPING

We ship internationally. The cost of shipping is charged separately. Please request a shipping quote when placing your order.

CUTTING SERVICE

Straight cuts available from €10 per sheet. CNC routing also available; talk to us about your requirements.

FINISH

Palenls are double-faced as standard, but if you need both sides to be finished please talk to your account manager. Sheet finish may be customised upon request without additional charge. Sheets come with a semi-matte finish as standard. Translucent patterns have a gloss finish. Surface scratch-resistance is medium.

PATTERNS

We are able to create bespoke patterns with different combinations of colours. We can reproduce any pattern in our portfolio or create a new one based on your reference or guidance. Prices start from +50% on top of standard prices. Please contact us for details for bespoke pattern creation and pricing for larger quantities.

BATCHES

Panels are manufactured solely from 100% recycled plastics, some colour variance between batches is possible. As a result, the main panel colour can display varying shades and tones, from yellowish to cold white, a mottled 'raindrop' effect, or darker and lighter shades.

PAYMENT TERMS AND LEAD TIME

We work on a prepayment basis, so your order will be sent on receipt of cleared funds. Expect a 3-5 weeks lead time depending on the size of your order and demand on our production facilities. Contact us for indicative lead times for very large orders.

Please read our terms and conditions before proceeding with your order.
